

The Labour Court
Lansdowne House,
Lansdowne Road,
Dublin 4

2nd March 2026

To whom it concerns

I am writing to you on behalf of Moore Archaeological and Environmental Services Ltd., based in Galway. I, Declan Moore, Managing Director and owner of the aforementioned business, have been in business for almost 25 years and employed numerous field archaeologists and ecologists over that period.

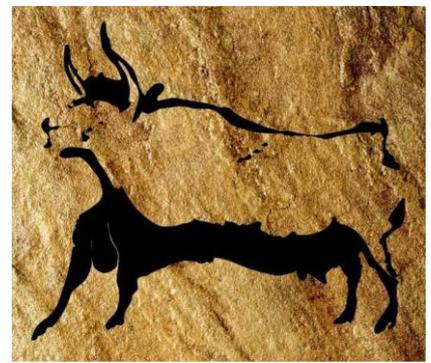

I herein declare my full and unconditional support for the Archaeology Branch of Unite the Union's application to the Labour Court for a Sectoral Employment Order (SEO) in the commercial archaeology sector.

I believe this SEO will fulfil Section 16 of the Industrial Relations Amendment Act 2015, namely: that it would promote harmonious relations between workers and employers and assist in the avoidance of industrial unrest in the sector concerned and is necessary to - promote and preserve high standards of training and qualification and ensure fair and sustainable rates of remuneration.

Regards

Declan Moore
